Calaway Park Chooses Activity Engine for Season's Pass Sales.

CALGARY, ALBERTA, March 20, 2007 - Calaway Park, Western Canada's largest outdoor family amusement park, today announced its renewed selection of ActivityEngine™ Online Business Platform for its season's pass sales.

"We are very pleased with Calaway Park's selection of ActivityEngine for the second year in a row" said Frank Verhagen, President of World Web Technologies. "When consumers visit www.calawaypark.com and go to book their season's pass online they are using ActivityEngine technology, making their transaction quick and easy."

"Having this system in place it not only saved us hundreds of hours in labour but it allowed us to triple our sales of Celebration Tickets over a one season period" said Bob Williams of Calaway Park. "We cannot say enough about this system, and how it has changed our processes at Calaway Park for the better. We now are using ActivityEngine to handle our online season's pass sales."

ActivityEngine is the world's most flexible Web-based business platform for tour operators and travel consolidators. In addition to a powerful online reservation system, ActivityEngine boasts accounting and shopping cart tools. Any type of product with scheduled availability fits into ActivityEngine and can be accessed from any computer, anywhere.

For additional information on ActivityEngine or World Web Technologies, contact Janie Agar at (403) 218-4656 or visit www.activityengine.com.

About Calaway Park - The park opened its doors in 1982 and has grown from a small amusement park to one of Western Canada's best attractions and is now celebrating its 26th anniversary in 2007. The park spans 160 acres (operating on 90 acres) and has a collection of 30 rides, numerous attractions and top-notch live entertainment.
